Kidney Essentials

A natural botanical approach to support kidney function

Kidney Essentials was formulated to help improve kidney function and reduce kidney damage due to such conditions as: diabetes, hypertension, and medication-induced kidney damage and kidney disease. Kidney damage is the downstream effect of diabetes due to oxidative damage, hypertension, and glomerulonephritis due to inflammation and drug toxicity. This product contains three different mushroom extracts (champignon, Cordyceps sinensis, and Poria cocos) as well as American ginseng and Astragalus root.

Recommended Use:

As a dietary supplement, take two capsules per day, or as directed by your health care practitioner.

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

Benefits of Kidney Essentials:

- *Improvement of laboratory markers of kidney function*
- *Reduce kidney fibrosis*
- *Reduce kidney damage due to the effects of diabetes*
- *Antioxidant protection*
- *Anti-inflammatory effects*
- *Anti-hypertension effects*
